REPORT OF NATIONAL PHARMACY EDUCATION DAY

INTRODUCTION

National Pharmacy Education Day is celebrated every year on 6th March to commemorate the birth anniversary of Mahadeva Lal Schroff, who is known as the Father of Pharmacy Education in India. The day aims to create awareness about the importance of pharmaceutical education and the vital role of pharmacists in healthcare. On this occasion, AIMS College of Pharmacy organized a program along with a Blood Donation Camp to promote social responsibility and healthcare awareness among students and staff.

EXPLANATION

The program was conducted on Friday, 06th March 2026, from 10:00 AM to 11:00 AM at the Auditorium of AIMS College of Pharmacy. Students from D. Pharmacy and B. Pharmacy actively participated in the event. The program was organized under the guidance of faculty members Mrs. Shubhangi Shete, Ms. Sakshi Singh, and Ms. Aditi Mhatre.

During the program, the importance of National Pharmacy Education Day and the role of pharmacists in society were highlighted. Mr. Pritam Sir, Head of the Department, delivered an inspiring speech explaining the significance of pharmacy education and how pharmacists contribute to public health and patient care. The administrative staff also addressed the students and emphasized the importance of such awareness programs.

As part of the social awareness initiative, a Blood Donation Camp was organized. Staff members and students from the Nursing and Physiotherapy departments, along with administrative and non-teaching staff, actively participated in the camp. Their enthusiastic participation helped in making the event successful. A total of **35 units of blood** were donated during the camp.

Additionally, Ms. Nayasa Shaikh, a student of First Year D. Pharmacy, delivered a speech explaining the importance of National Pharmacy Education Day and the responsibilities of future pharmacists in society.

CONCLUSION

The celebration of National Pharmacy Education Day at AIMS College of Pharmacy was a meaningful and successful event. The program helped in spreading awareness about pharmacy education and the crucial role of pharmacists in healthcare. The Blood Donation Camp also promoted the spirit of social responsibility and community service among students and staff. Overall, the program encouraged students to understand their professional responsibilities and contribute positively to society.
